SERVICE INFORMATION:
Distribution Voltage: 23 kV Service Method Underground
Delivery Voltage 120/208 Volts 3 Phase 4 Wire wye Connected
Point of Service: Secondary spades of the padmounted transformer
Maximum Installed Capacity 225 kVA Dedicated Capacity 150 kVA

BILLING:
Customer will be billed on Rate Schedule 20 Contract Demand 75 kVA
Build up period of 0 months beginning with effective date.

Special Provisions/Extra Facilities/Explanations: For Underground service installation, the Company owns and will maintain the padmounted transformer, primary cable, primary protective equipment, and metering equipment. Customer owns and will maintain the concrete transformer pad and all circuits and equipment on load side of transformer terminals. Customer agrees to keep transformer and primary cable unencumbered and accessible to Company's maintenance vehicles and to keep transformer protected from vehicular traffic.

Termination: Should Customer terminate this Agreement for any reason, either during the initial term or any extension thereof, unless waived for reasons herein, Customer shall pay to Company a termination charge equal to the total installed cost of facilities dedicated solely for serving Customer, less any customer contribution to construction, less accumulated depreciation of the facilities funded by Company, less salvage value of all facilities dedicated solely for serving Customer, plus the cost of removal, all as determined by Company in accordance with its standard accounting practices; provided however, that the termination charge shall not be less than zero. Customers who terminate prior to the expiration of the initial term or any extension thereof shall also pay to Company a termination charge equal to 90% of the maximum demand set during the term times the number of months remaining in the contract period. Company may waive a portion or all of the termination charge where (1) a successor Agreement is executed prior to termination of this Agreement, (2) Customer is able to furnish Company with satisfactory evidence that a successor customer will occupy the premises within a reasonable time and execute Agreement for substantially the same facilities, or (3) the facilities for serving have been fully depreciated. Minimum termination notice is Two (2) Months after initial term is satisfied.

AGREEMENT

The Undersigned hereby makes application for electric service at the above service address and agrees to pay for said service as measured by Utility's meter at the applicable rate. The Utility shall have the right, but shall not be obligated, to inspect any installation before service is introduced, or at any later time and reserves the right to reject wiring, or appliances not in accordance with the official Code or Utility's Standards. Such inspection or failure to inspect or reject shall not be regarded as an insurance against defects in installation, wiring or appliances and shall not render Utility liable or responsible for any loss or damage, resulting from defects in installation, wiring or appliances, or from violation of the official Code(s) as might be applicable, or from accidents or occurrences which might occur upon applicant's premises. Initial Term Ends Five (5) Years After Effective Date.

The applicant, if the owner of the property, grants to the Utility the right to construct, reconstruct, maintain, and repair a service line and have free access to the premises of the applicant for the purpose of installing, inspecting, reading meters and repairing and/or removing property of the Utility when service is discontinued.

The applicant, if the owner of the property, agrees that all wiring, meters, and any kind of property placed on the premises by the Utility shall not constitute a part of the real estate, but shall remain personal property, title to which is retained by the Utility.

South Carolina Public Service Commission: This Agreement, is subject to the Company's "General Terms and Conditions" as approved by the Commission, and to the "Rules and Regulations" of the Commission, as the foregoing now exist or may be amended in the manner prescribed by law. This agreement is subject to review by the South Carolina Public Service Commission upon complaint by either party, or pursuant to its own motion, and the terms herein may be modified in whole or in part or declared null and void by the South Carolina Public Service Commission.

STANDARD CONDITIONS

Supply and Use: Company agrees to sell and Customer agrees to buy from Company all purchased electric energy, capacity, related transmission services and any related distribution services required by Customer for use on its premises covered hereunder. Resale by Customer of energy, capacity, related transmission or related distribution services is not permitted.

Creditworthiness: Company, in order to satisfy itself of the ability of the Customer to meet its obligations under the contract may conduct periodic reasonable credit reviews in accordance with standard commercial practices. Customer agrees to assist in these reviews by providing financial information and at the request of the Company, will maintain such credit support or surety including but not limited to, an unconditional and irrevocable letter of credit to provide adequate security for protection against the risk of nonpayment.

Service Application, Deposit and Release: Prior to receiving service, Customer or its Agent must: (a) Ensure that an application for service is made to Company, either in person at one of Company's commercial offices or through the Company representative coordinating the service arrangements; (b) Post a service deposit with Company (as determined by Company in accordance with S.C. Public Service Commission regulations), unless waived by Company in favor of other satisfactory assurance for payment of bills; and (c) Ensure that any inspections required by governmental authorities having jurisdiction are completed and notice thereof is given to the Company.

Commencement of New Service: Company and Customer shall make every reasonable effort to have their respective facilities ready for service by the **Service Date** stated on Page 1. If conditions should change, the affected party shall immediately notify the other.

Assignment: Neither Party shall assign this Agreement or its rights hereunder without the prior written consent of the other Party, which consent may be withheld in the exercise of its sole discretion.

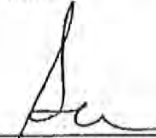

Term: This Contract shall commence on the **Effective Date** (the date on which this contract is fully executed) and shall continue for the full **Initial Term**, unless an early termination is mutually agreed upon. Thereafter, it will extend automatically until terminated by either party giving the other a written **Minimum Termination Notice**. Billing for service rendered hereunder shall commence on the **Service Date** (the date customer contracts for service under the tariff applicable to this contract) or the date that service is first made available, whichever is later, or in accordance with terms stated under **Special Provisions**.

Termination: Should Customer terminate this contract and disconnect service for any reason, either during the initial term or any extension thereof unless waived as provided for herein, Customer shall pay to the Company a facilities termination charge equal to (a) the total installed cost of facilities dedicated solely for serving Customer, (b) less any Customer contribution to construction, (c) less accumulated depreciation of the facilities funded by Company, (d) less salvage value of all facilities dedicated solely for serving Customer, (e) plus the cost of removal (including any associated environmental investigation/remediation costs related to a spill or release of hazardous substances caused by Customer or those paid or incurred by the Company which were not the result of negligence on the part of the Company), all as determined by Company in accordance with its standard accounting practices; provided, however, that the termination charge shall not be less than zero. Customers who terminate prior to the expiration of the initial term or any extension thereof may also be required to pay to Company a demand termination charge equal to 90% of the maximum demand set during the term times the demand rate in effect at the time of termination times the number of months remaining in the contract period.

For Company

[REDACTED]

Company may waive a portion or all of the termination charges where (1) a successor contract is executed prior to termination of this Contract, or (2) Customer is able to furnish Company with satisfactory evidence that a successor customer will occupy the premises within a reasonable time and contract for substantially the same service facilities. If deregulation should occur during the term of this contract, the above demand termination charge, after deregulation, will be determined by appropriate governing authority(ies) rules at that time. The termination charges above shall not preclude additional termination charges approved by the SCPSC or imposed by law.

Impaired Service: Customer shall be responsible for installing and maintaining on its system such protective equipment as necessary for protecting its equipment from single phase conditions, momentary interruptions or voltage fluctuations arising from conditions on its system or from Company's supply lines. Customer shall not operate its equipment of such nature and in such manner as to impose voltage flicker, surges, or harmonics on Company's system that adversely affects the Company's system or its service to other Customers. Adverse conditions verifiable as of Customer origin shall be corrected promptly by Customer or upon Notice Company may discontinue service until the conditions are corrected. Customer agrees to keep Company equipment unencumbered and accessible at all times.

Load Increase: If Customer contemplates a load increase which may exceed the **Maximum Capacity** stated on Page 1, Customer shall give Company written notice of planned increase, with sufficient lead time for Company to enlarge its facilities. In such cases this Contract may be amended by mutual consent of the parties to reflect any changes in the service characteristics, applicable charges or conditions of service.

Facility Relocation: Should Customer request Company to relocate any of its facilities, or take any action which will require Company to relocate its facilities, Customer shall reimburse Company for the costs incurred.

Hold Harmless: Company and Customer do respectively assume full responsibility for the maintenance and operation of the facilities owned and/or operated by each, and each shall indemnify and except as hereafter limited, shall hold the other harmless from any loss resulting from bodily injury (including death) or damage of property arising directly or indirectly out of any negligent or willful act or failure to act on the indemnitor's part in the installation, maintenance, operation, replacement and/or removal of the facilities owned and operated by each. Neither party shall be liable to the other in any event, whether in contract, tort or otherwise, for any loss of revenue, profits, use of production, costs of capital or purchased or replacement power, interest, business interruption, claims of customers or any other incidental, indirect or consequential damages of any nature whatsoever. Customer(s) acknowledge(s) the presence of overhead and/or underground power lines and understands that contact with them could cause serious injury or death.

South Carolina Public Service Commission: This Contract, the **Billing Rate** referenced on Page 1, and all services rendered hereunder, are subject to the Company's "General Terms and Conditions" as approved by the Commission, and to the "Rules and Regulations" of the Commission, as the foregoing now exist or may be amended in the manner prescribed by law. The billing Rate and General Terms and Conditions are attached and made a part hereof; Rules and Regulations are made a part by reference and are available upon request. This contract is specifically intended to survive deregulation or retail access.
